Declaration of Informed Consent

You have scheduled an appointment for an endobiogenic evaluation with Dr. Nikolas Arvis. Dr. Arvis is a European Union (EU) licensed medical doctor who comes to the USA from Greece. He is a Fellow of The American College of Endobiogenic Medicine and Integrative Physiology.

You must agree to maintain your medical relationship with your regular primary care provider for the purpose of ongoing health maintenance, prevention, evaluation and management of any acute minor or serious medical problems, as well as any pharmaceutical needs that you may have.

It is also important for you to understand that although Endobiogeny has been studied closely and extensively in Europe, it has not yet been subjected to the requirements of scientific scrutiny by American medical standards. However, since herbs and supplements are available over-the-counter to all Americans, it is our belief that you are serving yourself well by undergoing an Endobiogenic consultation to assist you in selecting the herbal therapy with the greatest potential benefit and the least potential risk for you as a unique individual.

Your endobiogenic treatment program will likely involve significant dietary and lifestyle changes in addition to a blend of herbs and supplements. It is important for you to closely adhere to the recommendations to achieve maximum benefit from the program.

I have read and understand the above statements. I agree to proceed with an endobiogenic evaluation at my own discretion, understanding that Dr. Arvis is not an Idaho licensed M.D. or D.O. He will be acting as a consultant to provide natural health care services as defined by and in compliance with Idaho Statutes section 54-1804. Additionally, I authorize EIMC to share critical information such as lab alerts with my Primary Care Physician, and I authorize my lab data to be used anonymously for research purposes.
